AMIS BOTANISTES

Après 56 années de présence à Toulouse (1948 - 2004), *Le Monde des Plantes* va poursuivre son itinéraire à travers la France (Le Mans, Agen, Garches...) en faisant étape à Bagnères-de-Bigorre où la Rédaction sera désormais abritée dans les locaux du Conservatoire Botanique National Pyrénéen. Non, rassurez-vous, le *Monde des Plantes* n'est ni en péril ni en crise, la revue se porte même très bien. Cependant, plusieurs raisons justifient ce changement d'adresse.

Tout d'abord, la réaffectation envisagée à plus ou moins long terme des locaux de l'ancienne Faculté des Sciences imposait d'anticiper dans le calme et la sérénité le transfert du thésaurus [dons, legs, stock des numéros anciens, bibliothèque augmentée au cours des années par l'accroissement des échanges avec de nombreuses institutions ou sociétés savantes, tant françaises qu'étrangères - suisses, belges, allemandes, espagnoles, luxembourgeoises, polonaises] qui nécessite la mise à disposition d'un volume de rayonnages important.

En deuxième lieu, la gestion d'une structure au service de nombreux abonnés, tant personnes physiques que morales ou institutionnelles (650 abonnés parmi lesquels 48 étrangers, une trentaine de Sociétés savantes, une vingtaine d'administrations) exigeant un temps de secrétariat ne cessant de s'amplifier au cours des ans (courrier, réclamations, facturation, suivi des abonnements, changements d'adresse, expédition des bulletins...).

En troisième lieu la vétusté de la saisie des données et du mode de traitement des contributions adressées par les auteurs sur lesquels de nombreux abonnés nous ont amicalement fait part de leur étonnement. Dans la structure d'accueil, un numéro de courrier électronique, un site internet vraisemblablement, seront progressivement ouverts à tout un chacun.

Enfin, la nature-même du site d'accueil : un conservatoire botanique n'est-il pas, par définition, un lieu où l'on a la certitude de trouver la conjonction de la compétence et de l'enthousiasme au service de la discipline aimée ... ?

Je souhaiterai profiter de cet éditorial pour faire un bref retour en arrière et évoquer en quelques lignes les heures et vicissitudes de cette période toulousaine. Après les premières années d'euphorie connues sous la direction dynamique d'Henri GAUSSEN qui s'était adjoint le concours éclairé de Pierre LE BRUN, la revue a connu une période de plus en plus difficile, en dépit du volume de temps et de l'énergie consentis par Claude LEREDDE qui s'était au cours du temps assuré du concours d'Yves MONANGÉ pour les questions de trésorerie et de Georges BOISC pour la relecture et les «relations extérieures». Une inflation à deux chiffres, le renchérissement concomitant des coûts d'impression et postaux imposait alors la limitation de la parution avec pour corollaire la désaffection de nombreux abonnés. Certains numéros n'ont dû alors d'être imprimés et diffusés qu'à la générosité d'Henri GAUSSEN, assumant la charge financière sur ses propres deniers, Georges BOISC finançant parfois de sa poche l'acheminement de la revue.

Lorsqu'en 1987 ce dernier est venu me proposer d'animer *Le Monde des Plantes* à la suite du départ à la retraire de Claude LEREDDE, j'ai, avant de donner mon accord, sollicité l'appui solidaire de quelques amis auxquels la revue doit à coup sûr aujourd'hui d'exister. C'était alors le début de la micro-informatique et nous n'étions pas encore outillés en cela. Jean-Jacques AMIGO, secrétaire de l'Association Charles Flahault à Perpignan a accepté la charge d'assumer pour les premiers numéros la saisie des textes, leur mise en forme et de nous faire parvenir les originaux destinés à l'impression. Rémy DAUNAS, Président de la Société Botanique du Centre-Ouest, en a assuré gracieusement le tirage. Sans leur concours bénévole, la trésorerie du *Monde des Plantes* n'aurait pu faire face. Je tiens aujourd'hui à ce que leur apport désintéressé soit connu de tous.

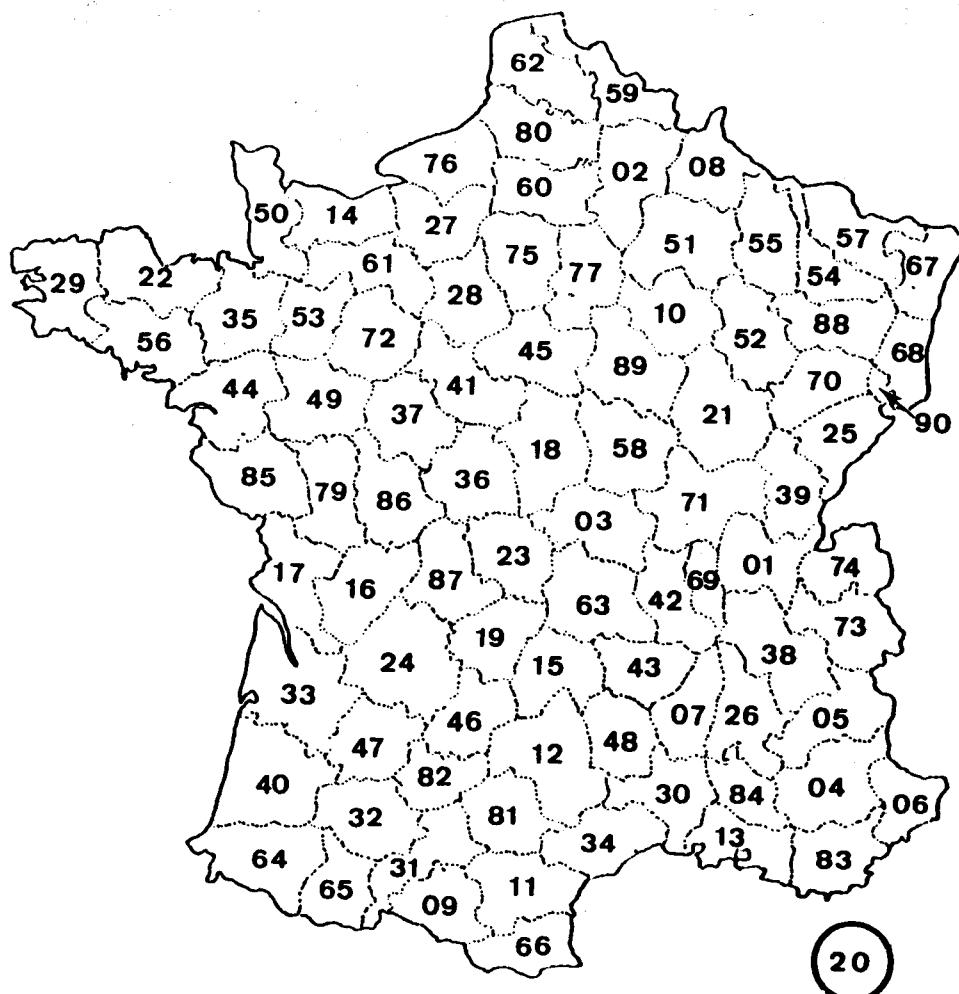

En l'espace de quelques années la trésorerie s'est reconstituée et la revue a pu retrouver son autonomie de fonctionnement. Entre temps, diverses dispositions administratives - avec contraintes comptables associées - avaient vu le jour qui ont nécessité le changement de statut de la revue. *Le Monde des Plantes*, association non déclarée, sans existence juridique légale depuis plus d'un siècle, a dû, ne serait-ce que pour pouvoir facturer les abonnements aux administrations, se mettre sous la tutelle d'une «Association Gestionnaire du *Monde des Plantes*» officiellement reconnue.

Je tiens enfin à remercier tous les abonnés qui nous ont au fil des ans renouvelé leur confiance, tous ceux qui ont - parfois même très généreusement - souscrit un abonnement «de soutien» nous permettant ainsi de maintenir depuis plus de dix ans un tarif d'abonnement pratiquement inchangé (hormis un réajustement de détail lors du passage à l'Euro).

Ce numéro, un peu spécial, se présente sous la forme d'une synthèse cartographique visant à visualiser, à l'échelle départementale, la localisation des articles originaux parus dans la revue tout au long de l'épisode toulousain, depuis le numéro 254 (1948) jusqu'au numéro 481 (dernier de 2003). Les titres de ces articles originaux peuvent être facilement retrouvés en consultant les synthèses bibliographiques parues dans les n° 456 (254 à 339), 458 (340 à 381), 465 (382 à 445), 466 (435 à 463), 480 (464 à 480). Si les numéros se rapportant à l'année 2004 n'ont pas été pris en compte, c'est tout simplement parce que cela aurait conduit à dépasser le poids limite d'expédition de 32 pages. Passer pour quelques grammes dans la tranche d'affranchissement supérieure faisait alors passer le coût d'expédition de 0,70 à 1,40 Euro... Ainsi va la vie d'une revue !

Très cordialement à vous tous, merci pour vos encouragements souvent maintes fois répétés et, si besoin en était, faites connaître autour de vous le *Monde des Plantes* !
